

PROFILER

COMPONENTS INCLUDED:

TECHNICAL SPECIFICATIONS

- **Minimum thickness:**mm. 0,6
- **Maximum thickness:**mm. 1,2
- **Maximum thickness inox.:** mm. 0,8
- **Thickness of the material H20.:** mm. 0,6-0,8
- **Thickness of the material H30.:** mm. 1,0-1,2
- **loads of maximum break:** N/mm.² 400
- **elastic limit:** N/mm.² 195
- **Maximum speed of work** mts / min. 15- 20
- **steps of profile** 16

Components of the machine:

- Guide's introduction of band
- Motorization A.C. (without to invest-fixed speed)
- Righter of the profiles
- Automatic system of lubrication of the sheet to microfog
- system of accompaniment of pieces
- Automatic greasing
